**This year, the Comité Equestre de Saumur has the pleasure to organize the 32th edition of one of the greatest vaulting competition of the world : SAUMUR VOLTIGE.**

« **The 9th, 10th, 11th and 12th April 2020**, we invite you to come to discover a sport that is both team spirit, art and gymnastic. In a unique and prestigious competition arena : the “Grand Manège du Cadre Noir de Saumur » where the French style academic riding is practiced.

The organization of the 2019's FEI Vaulting World Cup Final helped consolidate the international reputation of the event. Therefore, we are hoping a high participation rate where the finest athletes will be able to confront themselves in events more spectacular and astounding than ever.

### **The discipline**

*Vaulting is practiced in a 13 m diameter circle and involves a longer, a horse and one or several vaulter(s). It has mainly 3 tests : free test, compulsory test and technical test. Vaulters have to realize precise figures on the horse back and the horse must have the smoothest and most balanced gallop.*

During these 4 days of competition, you will be able to attend 1\*, 2\* and 3\* events (3\* being the highest level), individual category (Male or Female), team category and Pas-de-deux category (where 2 vaulters evolve on the same horse). There are also various age categories: children (12 to 14 years old), Junior (14 to 18 years old) and Senior (above 16 years old).
